We will always endeavour to allocate you your first preferred choice, but please bear in mind that registrations are based on a first come, first served basis, so availability will be dependent on how many participants have already registered for the masterclass. If places are already full for your first preferred masterclass, we will then assign you to your next preferred choice.

Each participant or group will be assigned one masterclass but if there are spaces still available at another masterclass that you have stated below, you will be contacted and offered a second or third masterclass nearer to that date.

All participants are more than welcome to attend any of the other masterclasses they are not participating in as an audience member for observation and learning opportunities.

Please note, any group acts can have participants aged under 55 years old but must also include participants aged over 55 years.

Please state below your preferred masterclasses in your order of preference from the top.

Please be aware that we will be taking video and photographic footage at all the masterclass sessions and showcase concerts. This will be used for archival purposes and possibly be shown at the final Gala concert. Upon request, you are more than welcome to receive this footage and if you do not wish to have this footage taken of yourself, please inform the producer, Chris Fennessy on the day of the event.

After the masterclasses have ended, some participants will be invited to perform in various showcase concerts during August and September. We would like to give everyone the opportunity to perform in a showcase concert but unfortunately due to the time restraints of each concert and the spaces available, not every person or group that participates in a masterclass will be offered a showcase performance.

Please be aware that we will be adhering to Queensland State Government Covid-19 current rules and guidelines at each masterclass and performance. This will include registering names, addresses and contact numbers of each participant and audience member.

We also recommend downloading the Government COVIDsafe app to help with tracing if required.

Please sign below confirming that you understand and agree to the details listed above.
